Each week your kids get the opportunity to use, explore and engage with various props and costume pieces from the creativity chest. These items are used by your kid as a stimulus to create monologues, dialogues and improvised scenes. The creativity chest allows your kids to push their creative limits and lets their ideas soar!

Your child will

- ✔ Learn and expand characterisation through acting techniques based on the individual mini themes.
- ✔ Improve and build emotional control through emotion-based explorations.
- ✔ Improve vocal projection and oral language skills by learning proper vocal projection techniques, speaking in front of others and in a group setting.
- ✔ Develop the confidence to express their ideas through open discussions, storytelling and improvisation.
- ✔ Explore spoken language and their ideas by taking part in interactive storytelling and discussions.
- ✔ Develop collaboration skills by actively listening, accepting others' ideas, and developing teamwork through a multitude of theatrical activities.
- ✔ Develop and cultivate creativity through improvised practical activities, scenes and adventures.
- ✔ Develop quick-thinking and problem solving skills through more advanced theatrical activities.
- ✔ Learn how the acting techniques taught in class can transfer to their classroom activities and daily life.
- ✔ Use props and costume pieces from the Creativity Chest each week to create monologues, dialogues and improvised scenes (with a deeper emphasis on characterisation).
- ✔ Stage a short performance for parents on the 10th lesson of the term.
